DO NOT REPRODUCE  
RETURN TO CIA

SECRET

Mexi 7023

U: 9/28 Tape could have been erased by 10/1.  
A.H. would know better.

Mexi 7024 ~~Report~~

U: Can't recall if 9/27 conversation known by that time.

- Mexi 7025 A.G. Reports calls of 9/28 & 10/1

Mexi 7028 N. Scott

Mexi 7025

Last para:

Was [Sarsoff] asked whether 2 were same?

U: Probably

Mexi 7034 11/23 [Allen White]

U: Was not coordinated → ∴ that's why [White] didn't report on 9/28 visit to  
Sov. Emb.

Mexi 7033 (7933)

Details records of conversations - this was after G's  
message which said all info. had been reported.

U: This was because we didn't have info.

Den: But wife's routing instructions were on those materials.

U: Doesn't know of time sequence on routing; can't explain it.

U: Unusual if LHO visited Emb. 5 times that he wouldn't have been  
photographed.

SECRET

U: [Frank Estacione] Variety of support work; chauffeured Scott around; had 3's full confidence.  
 - Unilateral [tel. tap] operations  
 - Can't give full details: somewhat compartmentalized

[Peggy Maguire] also in support aspect

Rumors to effect that HQS had located photo of LHO

U: Doesn't recall; doesn't recall receiving photo;  
 There is a photo in LHO's M.I. file rec'd from Navy on 11/23.

U: No penny business w/ respect to this case.  
 N. Scott wanted us to do thorough job & we did. Same w/ HQS.  
 Did a full, honest, thorough job.

U: Not surprising that HQS didn't send photo - wasn't important enough.

U: Lark believes that it is absolutely unlikely that LHO had a professional connection w/ Roatkov because of nature of contact.

E. Howard Hunt: no

Maurice Bishop: no

M.B. LHO as intell. agent?

U: At minimum, there would have been a 201 file.

Don: 10/11 cable gives a 201 #

U: N. Scott would have gotten info. particularly due to his relationships (close friends) w/ Angleton.

U: Doesn't know why 10/10 cable to MC would have gone thru Karesmessies.  
 Thinks it was unusual for that time period.
